

April 22, 2020

Dear students and families of Division 10,

It has been really nice connecting with many of you by phone this week! Everyone sounded positive and had interesting stories to tell. I am sure spending time together at home truly has provided many important benefits for students.

I will continue to call every Monday for a check in and chat with students and their parents and on Wednesdays, I will email everyone.

A reminder, students need to keep up daily reading practice, every day for 1/2 hour.

Students are encouraged to practice math and language skills for 20 minutes daily on IXL or a learning platform of your choice. Students have the opportunity to explore Scholastic magazines and activities as well as practice leveled books on the Raz kids site. The Library Learning Commons - "Other Links", found on the Tansor School Website, has many interesting choices as well.

Of course, plenty of laughter and a dose of fresh air is especially beneficial for all.

I miss you and look forward to when we meet again.

Sincerely,

Ms. Mazur
