

## May 25 - 29

Good day to Division 10 students and families,

We've come a long way working through this difficult health situation. You have adapted to learning in new ways and in different environments, and with the support of your families, you continue to grow and develop as students.

I am grateful and happy to know that everyone is healthy and doing well. This week, teachers are transitioning back into the classroom, and we are busy making changes to accommodate any returning students. Please let the office know if you plan to send your child to school in June.

Please continue working through the highlighted portions focusing on math skills on IXL, reading and exploring assigned materials on Raz-kids , and practicing the words and the activities on Spelling City.

I encourage you to write another reply to the Pen Pal letter you received. Great job to those who have written a second letter.

Have a great week!

Ms. Mazur
